Sir:

Attached hereto is a copy of the International Search Report (PCT/EP2005/001326) dated May 26, 2005, Form PTO-1449, and copies of the 3 cited references listed therein.

When all the requirements for a national stage application have been completed, applicant is notified (Form PT/DO/EO/903) of the acceptance of the application under 35 U.S.C. 371, including an itemized list of the items received. The itemized list includes an indication of whether a copy of the international search report and copies of the references cited therein are present in the national stage file.

F-9110

(U.S. National Stage of PCT/EP2005/001326
Filed February 10, 2005)

The examiner will consider the documents cited in the international search report, without any further action by the applicant under 37 CFR 1.97 and 1.98, when both the international search report and copies of the documents are indicated to be present in the national stage file. The examiner will note the consideration in the first Office action. There is no requirement that the examiners list the documents on a PTO-892 form. However, in order to have the references printed on the resulting U.S. Patent, a separate listing on Form PTO-1449 must be filed. Such Form PTO-1449 is enclosed. Accordingly, please list these references on the resulting U.S. Patent. See Form Paragraphs 6.53, 6.54, and 6.55 (reproduced in MPEP § 609).

This Information Disclosure Statement is being filed prior to issuance of the first Official Action.

Therefore, there is no charge for filing this IDS.

Respectfully submitted,
